Trial Rose Garden on our Grounds.

Largest General Nursery in Louisiana.

THE JENNINGS NURSERY CO., Inc.
Jennings, Louisiana.

JAN 14 1930

INFORMATION

Applying prices: 1 to 5 at each rate; 6 to 25 at 10 rate; 26 up at 100 rate.

Minimum Orders. Please make your order for at least \$2.00. Smaller orders are handled at a loss in the busy season.

On Orders For B & B stock amounting to less than \$5.00 add 25c per plant for crating cost.

Terms—Cash With Order if for immediate shipment. On advance orders 25 per cent of the price with order, balance when trees are wanted shipped.

Shipping Instructions should be given with order. Where none are given we will ship to best advantage of customer.

Parcel Post. Many orders may be shipped by mail. Add 10 per cent to list price for postage, or we ship C. O. D. for actual amount of stamps required.

Guarantee. We guarantee all stock to be well rooted, properly packed and shipped according to instructions, and true to name.

Horticultural Information. We want our customers to feel at liberty to write us for any information needed on culture, care, etc., of their trees.

MEANING OF ABBREVIATIONS

B & B means Balled and Burlapped.

N B means Not Balled.

SPR means Spread of Branches.

Many plants priced N. B. may be had B & B at the following extra charges:

2 to 3 ft.	25c Each
3 to 4 ft.	35c Each
4 to 5 ft.	50c Each
5 to 6 ft.	\$1.00 Each
1 Year Orange Trees	35c Each
2 Year Orange Trees	50c Each

LANDSCAPE DEPARTMENT

No matter how large or how small your property may be, a definite planting plan is more satisfactory than just placing a shrub here and a tree there at random. The cost is small; investigate it.

CITRUS

Satsuma Oranges (Genuine Owari)

1 year old tops on 3	Each	10	100	1000
year roots	\$.45	3.50	25.00	200.00
2 year old tops on 4				
year roots	.65	5.50	40.00	300.00
3 year old tops on 5				
year roots	1.00	7.50	50.00	400.00

Improved Owari Satsuma (By U. S. Dept. Agr.)

1 year old tops on 3				
year roots	.50	4.00	35.00	
2 year old tops on 4				
year roots	1.00	7.50	50.00	

Wasse Satsuma (a little earlier than Owari)

1 year old trees on 3				
year roots	.65	5.00	45.00	400.00
2 year old trees on 4				
year roots	1.00	7.50	65.00	500.00
3 year old trees on 5				
year roots	1.25	10.00	75.00	650.00

Huber's Early Satsumas Ripens 30 Days Ahead of Owari

Since true-to-name trees of this variety cannot be had from 1 year old nursery stock, or from trees without fruit, only trees with early ripening fruit of good quality, which have been marked in the field rows, will be sold under this name.

2 year old trees on 4				
year roots	1.50	12.50	100.00	
3 year old trees on 5				
year roots	2.00	17.50	125.00	

Louisiana Belle Orange

A hybrid or cross between a Louisiana Sweet seedling and a Washington Navel. The fruit is practically seedless, thin skinned, bears early, of large size and nearly as hardy as satsumas.

1 year old trees on 3				
year roots	1.00	8.50	75.00	
2 year old trees on 3				
year roots	1.25	10.00	90.00	

Louisiana Sweet Orange (Budded)

The old time Louisiana Sweets require 6 to 10 years to begin bearing. These budded trees (2 years old) are bearing now.

1 year old trees on 3				
year roots	.75	6.50	60.00	
2 year old trees on 4				
year roots	1.00	8.50	75.00	

Mandarin Oranges

1 year old trees on 3			
year roots	.75	6.50	60.00

Tangerine Oranges

2 year old trees on 4			
year roots	1.00		

Thornless Louisiana Sweet Oranges (Budded)

Bears early and heavy

1 year old trees on 3			
year roots	.75	6.50	60.00

***Changsha Orange**

A new variety that ripens earlier than the Satsuma and stands as much cold

1 year old trees on 3			
year roots	.75	6.50	60.00

Chinese or Meyers Lemon

Bears early and stands as much cold as Louisiana sweet oranges

1 year trees on 3			
year roots	.75	6.50	60.00

Maiewa or "New Sweet" Kumquats

Large sweet; best variety to eat fresh

1 year trees on 3			
year roots	.75	6.50	60.00

2 year trees on 4			
year roots	1.00	8.50	

2 year trees with			
fruit B & B	1.50		

Nagami or Oblong Kumquats

Best for making Marmalade. (Receipts for making Marmalade on request.)

1 year trees on 3			
year roots	.75	6.50	60.00

2 year trees on 4			
year roots	1.00	8.50	

3 year trees on 5			
year roots	1.25	10.00	

4 year trees on 6			
year roots	3.50	30.00	

Maruma or Small Round Kumquats

Stands more cold than others and is best variety for ornamental planting. Price same as Nagami

Marsh Seedless Grape-Fruit

1 year trees on 3			
year roots	.75	6.50	60.00

2 year trees on 4			
year roots	1.00	8.50	

Pink Marsh Seedless Grape-Fruit

A fine new kind, pink inside instead of white as others. Rare.

1 year trees on 3
year roots 1.50

Eustis Limequats

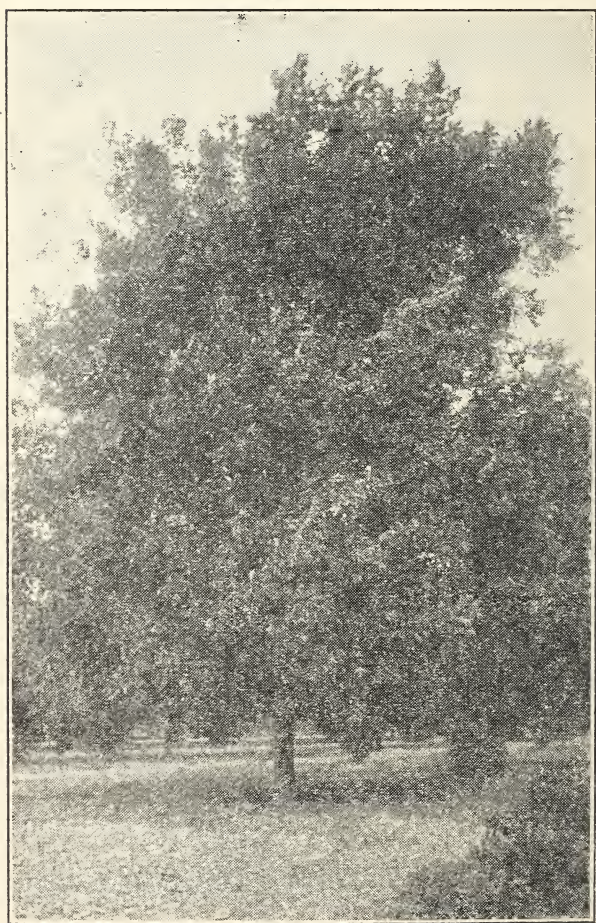

Fruit looks and tastes like limes. Bears early. Hardy as Kumquats.

3 year trees on 5
year roots 1.50

Frost Proof Citrus Trees

Satsuma, Louisiana Belle (Naval) Grapefruit and Lemons. We guarantee, or will replace within five years, any of these trees that are killed by cold in this latitude.

2 year old trees, any
above varieties, B & B 5 00

Pecan Tree on our grounds. Last
year this tree bore 250 pounds.

PECANS

Varieties—Stuart, Success, Moneymaker, Frotcher

2 to 3 ft. high budded

or grafted	.70	6.50	50.00	450.00

Stuart Special

Grown from our Prize Stuart tree that bore 250 pounds of high grade pecans last season. 17 years old. Small trees

1 to 2 ft high	1.00			
----------------	------	--	--	--

Jennings Pecan

Original tree is still standing in the City of Jennings. We first budded from it 20 years ago. It never failed to bear a fair crop, has no "off" years" as most other kinds. Other 18 year old trees averaged 135 pounds last year and we estimate this years crop at 150 pounds. A well known Pecan man once said: "When possible, plant a variety that originated nearby." We are offering a very limited number of small trees.

1 to 2 ft high	1.00 each			
----------------	-----------	--	--	--

Mahan—One tree \$6.50; two trees \$12.00; Three trees \$16.50; Twelve (enough for 1 acre) \$60.00; Sixty trees (enough for 5 acres) \$285.00

PEARS

Hood Pear, New—This is said to be the best desert or "eating" pear so far discovered, that will thrive in the Coast Country. Ripens in June-July; is as blight-proof as pineapple, but in quality, is far beyond that variety.

Price, 4 to 5 feet	each	\$1.00
--------------------	------	--------

Pears—Leconte, Garber, Pineapple, Suwanee, Uncle Sam

All budded on Japanese Blightproof pear roots or stocks.

1 to 2 ft high	.25	2.15	20.00
2 to 3 ft high	.35	3.00	28.00
3 to 4 ft high	.45	4.00	35.00
4 to 5 ft high	.65	6.25	60.00
1 to 7 ft high	.75	6.50	
2 year grade Garber	1.00	8.50	
2 year grade Leconte	1.00	8.50	
3 year grade Garber	1.50	12.50	
3 year grade Leconte	1.50	12.50	

Special Pear—Baldwin

Originators claim this pear is equal to best Bartlett and does not blight. We are sole agents in this section

4 to 6 ft. trees	1.00
------------------	------

Plums—Excelsior, Nona, Improved Terrell, Happiness, Kelsey

All budded on Myrobolan Stocks.

1 to 2 ft high	.25	2.35
2 to 3 ft high	.35	3.00
3 to 4 ft high	.45	4.00
4 to 5 ft high	.65	6.00
5 to 6 ft high	.75	7.00
2 year grade	1.00	9.00
3 year grade	1.25	10.00

Peaches—Mayflower, (May Peach) Red June, (June Peach) Elberta, Burke, July Peach.

1 to 1½ ft high			15.00	110.00
1½ to 2 ft high			20.00	150.00
2 to 3 ft high	.35	3.00	25.00	200.00
3 to 4 ft high	.45	4.00	35.00	
4 to 5 ft high	.55	5.00	45.00	
5 to 7 ft high	.75	7.50		

Persimmons—Triumph, Hyakume, Taneshi, Gailey

2 to 3 ft	.35	3.00
3 to 4 ft	.50	4.50
2 year grade	1.00	

FIGS

HOLLY (*Ilex*)

ENGLISH

12 to 18 inch high B&B	2.00
------------------------	------

MYRTLE-LEAVED. This attractive evergreen Holly has small, bright green leaves, and produces bright red berries.

24 to 30 inch B&B	1.50
-------------------	------

CHINESE. This shrubby Holly is of slow growth reaching a height of 6 to 8 feet, and the spreading branches form a thick head. The thick, bright, shiny leaves are tipped with three stout spines at the apex and usually are armed with two on the sides.

18 to 24 inch B&B	2.00
-------------------	------

JAPANESE. Small, glossy green leaves and black fruits. A rapid grower, forming a dense compact bush; splendid in combination with evergreens.

12 to 18 inch B&B	1.00
-------------------	------

ROUND LEAF JAP

12 to 18 inch B&B	2.00
-------------------	------

DAHOON. Leaves bright and glossy, branches literally covered with bright red berries. One of the most valuable broad-leaved evergreens in our list and we strongly recommend it.

24 to 36 inch B&B 1.75

INKBERRY. Handsome evergreen shrub with bright, shiny roundish leaves; grows well in any kind of soil and tends to spread and thicken. Very desirable for banking and mass planting.

18 to 24 inch B&B 1.50

FINETOOTH

12 to 18 inch B&B (not evergreen) .50

YAUPON. A native evergreen Holly with small foliage, compact bushy head and bright red berries produced in great profusion. This is one of our most desirable shrubs for foundation border and hedge planting. Reaches a height of 10 to 12 feet if left unpruned.

18 to 24 inch B&B Bushy 2.00

WEeping YAUPON

18 to 24 inch B&B Bushy 2.50

AMERICAN or CHRISTMAS. The Christmas Holly. Its bright green, spiny leaves and brilliant scarlet berries make it one of our hand-somest evergreen shade trees.

3 to 4 feet high B&B 2.00

4 to 5 " " " 3.00

5 to 6 " " " 4.00

6 to 7 " " " 4.50

For Christmas Holly with berries add 50% to price

GARDENIA Radicans (dwarf cape jasmine)

12 to 18 inch B&B 1.00

CHERRY LAUREL, English (dwarf) A very beautiful evergreen shrub or small tree with large, bright green foliage. A splendid plant for combining with other shrubs in the border for foliage effects.

12 to 18 inch B&B bushy 1.50

CAROLINA CHERRY LAUREL (Wild Peach)

3 to 4 feet B&B sheared and bushy 2.50

4 to 5 " " " " 3.00

PYRACANTHA (Fire Thorn) Evergreen shrubs with small, narrow leaves, thorny branches, white flowers in small clusters, and bright red or orange colored fruits in winter. They are very beautiful shrubs, adapted to sunny locations. See varieties below.

Koster. Another of the Pfitzer type; low growing, color is called marine blue, rather new but is doing well here.

18 to 24 inch spread, each	2.00
24 to 30 inch spread, each	2.50

Virginia or Red Cedar, the well known large growing evergreen.

24 to 30 inch high sheared, B & B, each	1.50
30 to 36 inch high sheared B & B, each	1.75
36 to 42 inch high sheared B & B, each	2.25

Chinese. Much like Red Cedar; grows fast and tall.

5 to 6 ft. B & B	3.00
6 to 7 ft "	4.50

Column Chinese (blue) a grafted variety that grows tall, narrow and compact. Not so narrow as Italian Cypress but a much better tree. Rare.

30 to 36 inch B & B, each	4.50
36 to 42 inch B & B, each	5.00

Common or English, gray-green color, rather fast grown.

4 to 5 ft. B & B, each	3.00
5 to 6 ft. B & B, each	3.50

Irish, foliage gray green. Grows slow and narrow, height about 8 feet.

3 to 4 ft. B & B, each	2.50
4 to 5 ft. B & B, each	2.75

Depressed English (*Juniperus Communis Depressa*) a low spreading type of English Juniper.

12 to 18 inch B & B	1.00
18 to 24 inch B & B	1.25

CEDARS (*Cedrus*)

Cedrus Deodara (Indian Cedar.) Of pyramidal form, reaching large size. Foliage a beautiful shade of bluish green. When the new foliage is opening in spring, the trees are particularly handsome. This tree is well adapted to the Southern states, and makes a handsome lawn specimen. It takes the place of Colorado Blue Spruce in southern plantings; is more open and graceful in habit, but similar in coloring.

1½ to 2 ft. high B & B, each	1.50
2 to 2½ ft. high B & B, each	2.00
2½ to 3 ft. high B & B, each	2.50

Cedar of Lebanon, the Cedar of Biblical history. Slower grower than Deodora and branches stiff not drooping as Deodora.

12 to 18 inch B & B, each	1.00
---------------------------	------

CYPRESS (*Cupressus*)

Royal Italien Cypress, a tall growing slender tree with erect branches. These trees are of the true narrow type that does not become open or scraggly. Grown from cuttings.

3 to 6 ft. B & B, per foot	.50
6 to 10 ft. " , per foot	.60

Horizontal, foliage exactly like Royal, but makes a broad upright tree.

Prices same as above. (Royal)

Majestic, dense broad pyramid, drooping branches, very stout stem that does not need bracing.

5 to 6 ft. B & B, each	6.50
6 to 7 ft. B & B, each	7.50

Arizona, Blue foliage, large, fast growing tree.

8 to 10 ft. high B & B, each	10.00
------------------------------	-------

Portuguese; much like Arizona Cypress but a more reliable tree.

6 to 7 ft. B & B, each	6.00
7 to 8 ft. B & B, each	7.50

PINE (*Pinus*)

Longleaf and Loblolly. A little pine forest or group in a corner of the grounds is interesting as well as ornamental.

12 to 18 inch high B & B, each	1.00
1½ to 2 feet " " "	1.25
2 to 2½ feet " " "	1.50

Mugho. A curious low-branched and very dwarf Pine, smaller than the smallest glob Arborvitae. Not thoroughly tried in the South but we have some fine plants here 5 or 6 years old.

8 to 10 in. high B & B, each	1.50
10 to 12 in. high " "	2.00

Italien Stone. Another variety of Pine used as ornamental but grows very large. Branched low and quite bushy.

5 to 6 ft. high B & B, each	7.50
-----------------------------	------

DECIDUOUS SHRUBS

ALTHEA (Rose of Sharon) The well known upright flowering shrub or small tree; blooms all summer and fall. Colors, Red, Pink and Lavender.

4 to 5 ft. high, each	.50
-----------------------	-----

CREPE MYRTLE—Too well known in the South to need description but surely no shrub is as showy as a large Crepe Myrtle in full bloom.

2 to 3 ft. high, bushy, each	.40
3 to 4 ft. " " "	.50
4 to 5 ft. " " "	.75
5 to 6 ft. " " "	1.00
8 to 10 ft. " " " tree form	3.00

CYDONIA JAPONICA (Flowering Quince) blooms very early in spring. Mixed colors ranging from Salmon to dark red.

18 to 24 in. B & B, each	1.00
24 to 30 in. " "	1.25
30 to 36 in. " "	1.50
Not balled at $\frac{1}{2}$ above price.	

RED-BUD or JUDAS TREE (*Cercis canadensis*.)

A small deciduous tree, 20 to 30 feet high, with rounded handsome leaves, producing an abundance of rosy pink flowers in early spring which make it an attractive object in any landscape. Should be planted on well-drained land.

4 to 5 ft. high, each	1.00
5 to 7 ft. " "	1.25
7 to 9 ft. " "	1.50

Chinese Dwarf Redbud. Very bushy and slow growing. Height about 10 feet.

3 to 4 ft. high, very bushy, each.	1.50
------------------------------------	------

DOGWOOD. White flowering dogwood. Well known native forest tree. Clouds of white flowers early in spring.

2 to 3 ft. high, each	.50
3 to 4 ft. high, each	.75
4 to 5 ft. high, each	1.00
5 to 6 ft. high, each	1.50

CALYCANTHUS. An old fashioned shrub with chocolate-red flowers.

3 to 4 ft. high, each	.75
-----------------------	-----

WEIGELIA A free flowering vigorous shrub, producing in spring a solid bank of showy flowers 6 to 8 feet. Colors, Pink, Red, Variegated.

2 year large plants, each	.50
3 year large plants, each	.75

FORSYTHIA—Often called Golden Bell, yellow flowers early in winter before leaves appear.

Large 2 to 3 year plants, each	.50
--------------------------------	-----

DEUTZIA. Upright shrub with double rose-tinted white blooms in late spring.

Large 4 year plants, each	.75
---------------------------	-----

SPIREA—Spirea Prumifolia, double bridal-wreath,
small double flowers in masses.

3 to 4 ft. high, each	.75
4 to 5 ft. high, each	1.00

SPIREA—Spirea Anthony Watered; bright rosy-crimson, flowers all summer and fall.

18 to 24 inch, B & B, each	1.00
----------------------------	------

Spirea Thunbergi. Small white flowers, blooms in winter.

2 to 3 ft. B & B, each	1.00
------------------------	------

FLOWERING FEACH—Trees grow much like the fruiting trees but flowers are very large and double. Colors, snow white and dark red.

3 to 4 ft. high, each	.75
4 to 6 ft. " "	1.00
2 year trees	1.50

DWARF EVERGREEN RED FLOWERING PEACH.

A new and very beautiful large shrub or small tree branched from the ground. It is not quite evergreen but holds its large dark green leaves a long time after other shrubs are bare. Blooms more profusely than the older variety. Very desirable.

1 yr. trees B & B, each	1.00
2 yr. trees " "	1.50
3 yr. trees " "	2.00

Fine plants 12 to 18 inch high, B & B, each 1.00

PHOENIX CANARIENSIS (Canary Island Date Palm) The most majestic palm that we can grow. Needs large space. Spread of leaves of full grown plant is 25 to 30 ft.

18 to 24 inches B & B, each 2.00

WINDMILL PALM. Slender trunks, small, dark green, fan-shaped leaves. Hardy.

12 to 18 inches B & B, each 1.50

SAGO PALM. Very dwarf palmlike plant. Stiff shiny dark-green leaves. 5 ft.

From 6 inch pots 10 to 12 leaves, each 1.50

From 6 inch pots 12 to 14 leaves, each 2.00

LATANIA BARBONICA PALM. Slow growing fan palm with stout trunk; 25 ft.

2 to 3 ft. B & B, each 2.50

VINES AND CREEPERS

BIGNONIA SPECIOSA (Painted Trumpet) An evergreen vine with dark green leaves and clusters of large purplish trumpet-shaped flowers. Needs support.

Strong plants from pots, each .50

Heavy plants from pots .75

- FICUS REPENS (climbing fig) Will climb a "greased pole;" clings to brick or concrete walls without support.
- Strong plants from pots, each .50
- FICUS PUMILA MINIMA. Clings to walls like Ficus Repens but never gets coarse and heavy. Leaves very small and delicate; a novelty.
- From pots, each 1.00
- SILVER MARGINED FICUS REPENS Same as Ficus Repens except leaves are larger and beautifully margined or variegated silver white. Rare.
- From pots, each 1.00
- ENGLISH IVY (Hedera helix). For growing under trees in shady places, the English Ivy is a very valuable plant with which to cover the ground. Always it is a rich dark color.
- Medium plants, each .35
- Large plants, each .50
- VARIGATED ENGLISH IVY. Leaves white and green. Very rare.
- Nice plants, each .75
- CAROLINA JASMINE, EVERGREEN. Vine bearing intensely fragrant yellow flowers in early spring.
- 4 year old vines B & B, each 1.50
- CONFEDERATE JASMINE. A woody evergreen vine bearing star-shaped white, sweet scented flowers in spring. Also used as a shrub by pruning back the runners.
- From 4 inch pots, each .75
- Dwarf variety of the above, each 1.00
- VINCA, Minor (Running Myrtle.) Used for ground cover. Lilac blue flowers.
- From pots, each .25
- ROSES. Two year, field grown. Prices on roses, unless otherwise noted: All roses are 50c each, \$4.00 per dozen.
- Pink Varieties—Columbia, Los Angeles, Mrs. Chas. Bell (shell pink) Pink Radiance, Climbing Pink Radiance, each 75c
- Red Varieties: Francis Scott Key, Red Radiance, Etoile de France, Paul's Scarlet Climber, MMe Edouard Herriot, each 75c
- Climbing Red Radiance, each \$1.00

Yellow Varieties: Luxembourg, Lady Hillingdon, Souvenir de Claudius Pernet (75c each) Golden Ophelia (75c each) Marchal Niel (climber)

White Varieties: Frau Karl Druschki (white American Beauty) Kaiserin Augusta Victoria, Climbing Kaiserin.

HEDGE PLANTS

CHINESE PRIVET (Amour River South) The best known evergreen hedge plant.

2 yr. bushy plants, per 100 \$8.00

BAMBOO. The dwarf variety makes an excellent large hedge. Rooted canes or plants \$10.00 per 100

WAXLEAF LIGUSTRUM makes a very beautiful hedge.

18 to 24 inch bushy plants N. B. per 100 \$45.00

MISCELLANEOUS

PAMPAS GRASS (Cortaderia argenter,) A large strong-growing grass producing splendid clumps 4 to 6 feet high, with white plume-like flowers. Very ornamental.

Large Clumps B & B, each 3.00

Small Division " " 1.00

OPHIOGON—An excellent sod forming, upright growing grass for shady places. Strong clumps (which may be divided into many plants

Plants, each 25c. per 100 \$2.50
